

April 12, 2005

Dear Congressman:

I am writing to express Time Warner's strong support for passage of the U.S.-Central America/Dominican Republic Free Trade Agreement (FTA) and to ask you to vote for the implementing legislation when it comes to the floor of the House.

The U.S.- Central America/Dominican Republic FTA continues the outstanding record the U.S. has achieved in other recent FTAs by including strong provisions on intellectual property rights protection, promoting open trade in digital products, and providing substantial market access for export of audiovisual products and services.

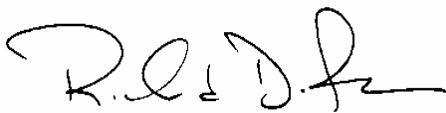

The U.S.-Central America/Dominican Republic FTA provides important opportunities to the companies of Time Warner to expanding our trade with more markets around the world. Many of our companies, such as Warner Bros., New Line Cinema and Turner Broadcasting, produce content that is subject to high levels of piracy. We must rely on strong IP protections in order to continue expanding these businesses. The U.S.- Central America/Dominican Republic FTA includes important provisions that meet this goal, including -- in the case of the Dominican Republic -- additional country-specific commitments on combating broadcast piracy.

In addition, the U.S.- Central America/Dominican Republic FTA recognizes the growing use of new technologies. The agreement includes broad market access for trade in digital products and provisions providing IP protections in the digital economy.

The U.S.- Central America/Dominican Republic FTA also provides for broad commitments across major services areas, including telecommunications, advertising and audiovisual and computer services. These commitments are important for creating new business opportunities for Time Warner in markets around the globe.

In sum, the U.S.- Central America/Dominican Republic FTA represents another strong, high-standard agreement that will expand opportunities for U.S. companies like ours across the Americas region. For these reasons, I strongly urge your support for the U.S.- Central America/Dominican Republic FTA.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Parsons", with a stylized flourish at the end.

Richard Parsons  
CEO  
Time Warner
